This price list remains valid until a new price list is published. Valid for in-house training in Germany or online. All prices include travel expenses or online portal, required testing and certificates, plus VAT.

You can download the current price list at <https://prices.tcs-engineering.de>. Our General Terms and Conditions apply (<https://tcs-engineering.de/en/agb>) as do the data protection provisions (<https://tcs-engineering.de/en/privacy>).

Prices for open online training can be found on the training portal (<https://tcs-engineering.de/en/open-trainings>). Prices for international training courses in packages of 5 to 20 training days are available on request, depending on the country. All offers are strictly B2B.

For framework agreement enquiries for 50 or more training days per year, contact keyaccount@tcs-engineering.de

Package deals for small volumes of 15 to 60 days can be found directly at [https:// prices.tcs-engineering.de](https://prices.tcs-engineering.de)

Course 110: instructed person (iP) for (ev) high voltage

[3-4 hrs]

Qualification in accordance with DGUV I 209-093 Level 1E – in-house or live webinar

Group price (max. 12 participants): € 1.600,- (Webinar, 100 % online)

Online-Small-group discount (max 6 participants): € 200,- (=Course price € 1.400,-)

Online-Micro-group discount (max 4 participants): € 400,- (=Course price € 1.200,-)

Surcharge for in-house face-to-face: € 500,- (=Course price € 2.100,-)

Course 111: annual instruction (ev) high voltage for iP, SHV / ES

[2 hrs]

Instruction in accordance with DGUV I 209-093 Level E/1E – in-house or live webinar

Group price (max. 12 participants): € 900,- (Webinar, 100 % online)

Online-Small-group discount (max 6 participants): € 100,- (=Course price € 800,-)

Online-Micro-group discount (max 4 participants): € 200,- (=Course price € 700,-)

Surcharge for in-house face-to-face: € 500,- (=Course price € 2.100,-)

Course 112: specialist high voltage (ev) systems (SHV)

[10 days]

Qualification in accordance with DGUV I 209-093 Level 2E Entry A – in-house or Blended-in-house

Group price (max. 12 participants): € 14.500,-

Small-group discount (max 6 participants): € 1.000,- (=Course price € 13.500,-)

Micro-group discount (max 4 participants): € 2.000,- (=Course price € 12.500,-)

Blended/Hybrid (50 % Online)-Discount: € 500,- (Combinable with other discounts)

Course 113: specialist high voltage (ev) systems (SHV)

[5 days]

Qualification in accordance with DGUV I 209-093 Level 2E Entry B – in-house

Group price (max. 12 participants): € 9.000,-

Small-group discount (max 6 participants): € 1.000,- (=Course price € 8.000,-)

Micro-group discount (max 4 participants): € 2.000,- (=Course price € 7.000,-)

Course 114: specialist high voltage (ev) systems (SHV)

[3 days]

Qualification in accordance with DGUV I 209-093 Level 2E Entry C/D – in-house

Group price (max. 12 participants): € 6.000,-

Small-group discount (max 6 participants): € 500,- (=Course price € 5.500,-)

Micro-group discount (max 4 participants): € 1.000,- (=Course price € 5.000,-)

Course 115: live line work on (ev) high voltage systems (LLW)

[3 days]

Qualification in accordance with DGUV I 209-093 Level 3E – in-house

Group price (max. 12 participants): € 6.500,-

Small-group discount (max 6 participants): € 500,- (=Course price € 6.000,-)

Micro-group discount (max 4 participants): € 1.000,- (=Course price € 5.500,-)

Course 120: instructed person (iP) for (ev) high voltage

[2-3hrs]

Qualification in accordance with DGUV I 209-093 Level 1S – in-house or live webinar

Group price (max. 12 participants): € 1.400,- (Webinar, 100 % online)

Online-Small-group discount (max 6 participants): € 200,- (=Course price € 1.200,-)

Online-Micro-group discount (max 4 participants): € 400,- (=Course price € 1.000,-)

Surcharge for in-house face-to-face: € 500,- (=Course price € 1.900,-)

Course 121: annual instruction (ev) high voltage for iP, SHV / ES

[2 hrs]

Instruction in accordance with DGUV I 209-093 Level S/1S – in-house or live webinar

Group price (max. 12 participants): € 900,- (Webinar, 100 % online)

Online-Small-group discount (max 6 participants): € 100,- (=Course price € 800,-)

Online-Micro-group discount (max 4 participants): € 200,- (=Course price € 700,-)

Surcharge for in-house face-to-face: € 500,- (=Course price € 1.400,-)

Course 122: specialist high voltage (ev)systems (SHV)

[10 days]

Qualification in accordance with DGUV I 209-093 Level 2S Entry A – in-house or Blende-in-house

Group price (max. 12 participants): € 14.500,-

Small-group discount (max 6 participants): € 1.000,- (=Course price € 13.500,-)

Micro-group discount (max 4 participants): € 2.000,- (=Course price € 12.500,-)

Blended/Hybrid (50 % Online)-Discount: € 500,- (Combinable with other discounts)

Course 123: specialist high voltage (ev)systems (SHV)

[2 days]

Qualification in accordance with DGUV I 209-093 Level 2S Entry B – in-house

Group price (max. 12 participants): € 4.500,-

Small-group discount (max 6 participants): € 500,- (=Course price € 4.000,-)

Micro-group discount (max 4 participants): € 1.000,- (=Course price € 3.500,-)

Course 124: specialist high voltage (ev)systems (SHV)

[2 days]

Qualification in accordance with DGUV I 209-093 Level 2S Entry C/D – in-house

Group price (max. 12 participants): € 4.500,-

Small-group discount (max 6 participants): € 500,- (=Course price € 4.000,-)

Micro-group discount (max 4 participants): € 1.000,- (=Course price € 3.500,-)

Course 125: live line work on (ev) high voltage systems (LLW)

[3 days]

Qualification in accordance with DGUV I 209-093 Level 3S – in-house

Group price (max. 12 participants): € 6.500,-

Small-group discount (max 6 participants): € 500,- (=Course price € 6.000,-)

Micro-group discount (max 4 participants): € 1.000,- (=Course price € 5.500,-)
